L I P B U M P E R

Your Lip Bumper is used to gain space for your crowded lower teeth.

- For this appliance to work properly, it must be worn 24 hours a day, 7 days a week.
- Wear your Lip Bumper while eating.
- Remember, plaque can also form on you Lip Bumper, so while brushing your teeth, be sure to brush it thoroughly with toothbrush and toothpaste.
- It is common to develop a groove on the inside of the lower lip where the Lip Bumper rests.
